

ABOUT THE AUTHOR

Pat Mirenda, PhD, is an associate professor of special education at the University of British Columbia. Her current interests include augmentative communication, positive behavioral supports, and early intervention for children with autism. Address: Pat Mirenda, Faculty of Education, University of British Columbia, 2125 Main Mall, Vancouver, BC V0T 1Z4 Canada.

AUTHOR'S NOTE

This article is derived in part from work sponsored by the U.S. Government and the National Academy of Sciences (NAS). However, any opinions, findings, conclusions, or recommendations expressed in this article are those of the author and do not necessarily reflect the views of the U.S. Government or NAS.

NOTES

1. This software is available from Don Johnston, Inc., 1000 N. Rand, Bldg. 115, PO Box 639, Wauconda, IL 60084-0639.

The authors noted, however, that communicatively competent peers were not available in the target classroom, which was a self-contained setting for children with autism.
